**FIRSTLY**

---

**THANK YOU**

---

**FOR CONSIDERING US!**

At Natural Value, we are dedicated to making natural, organic and eco-friendly products accessible to everyone without compromising on quality. Our story began in 1995, as a husband and wife team; we started this business from our home with a mission to provide quality food at an affordable price. As an independently owned business, we take pride in sourcing only the highest quality products for our customers.

Over the years, Natural Value has grown and offers a large selection of products.

We do business differently from most companies; we find one producer in each category and stick with them, offering you quality products and affordable prices.

Our belief in long-term partnerships reflects our motto of doing business as a family being mindful of our planet. We are committed to offering the highest quality food and non-food products from vendors, growers, and producers that align with our standards. We are proud of our product line and passionate about what we do by exceeding expectations at exceptional prices.

**Gary and Jody**  
Owners, Natural Value Inc

# ORGANIC HOMINY

## *Soft and Delicious*

Enjoy our Organic Hominy in your favorite dish! Perfect for posole, stews, and soups, or simply with a pat of butter, salt and pepper!

PRODUCT	UPC	GTIN	CASE PACK	ITEM SIZE	TI	HI	CASES /PALLET
ORGANIC HOMINY 30 OZ	706173006091	10706173006098	12	30 oz	10	10	100

## What is Hominy?

Hominy is made by processing Maize, or field corn (different variety than 'corn-on-the-cob') with an alkaline solution. Some conventional Hominy is processed with Lye.

Hominy doesn't need to be processed with such an abrasive chemical, so Our Hominy is produced with a safer and organic alternative: Nature Peel.

Nature Peel is a potassium carbonate solution that is used to remove the outer skin from the corn. It is also used to peel Organic tomatoes. It is basically an organic way to achieve the same result as lye.

Soaking the corn in this solution transforms the kernels. Not only is the tough outer hull removed, the kernels also expand and the corn takes on a new soft texture and earthy flavor.

Common in Mexican and Central American cuisine, Hominy is an ingredient often used in chilies, or soups and stews called Pozole.

We also DO NOT add sodium bisulfite (retains the white color). This means that Our Hominy is naturally more tan in color, and closer to the original corn.

## See the different

# ORGANIC MAPLE SYRUP

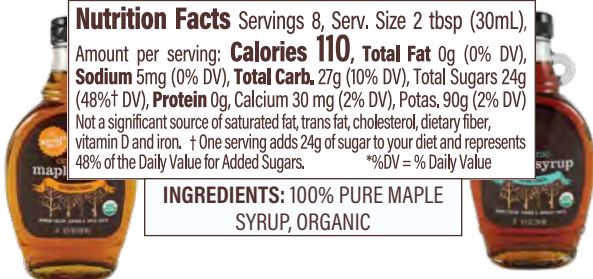

## *How Sweet it is...*

Organic Maple Syrup is made from the sap of Sugar Maple trees sustainably collected and boiled until it's a delectable, fragrant nectar. Perfect on your fluffy stack and as an ingredient in your kitchen.

## *What happened to 'Grade B'?*

In 2015, the USDA adopted a new grading system for maple syrup. The new guidelines were proposed by the IMSI (International Maple Syrup Institute). This new international grading system is more uniform, and is meant to help eliminate confusion for consumers. All retail syrups are now Grade A and are distinguished by taste. Grade B is now "Grade A Dark Color, Robust Taste."

# OLIVES

## Wondrous Fruits...

Natural Value® Olives are carefully selected and harvested at the peak of quality, so they can arrive at your table bursting with flavor and ready to be enjoyed. These versatile little gems can be used in a variety of dishes, salads, appetizers and baked goods.

## What is Ferrous Gluconate?

Ferrous Gluconate is iron sulfate. It is used to make olives a uniform black color. Olives without Ferrous Gluconate are greyish or blackish, sometimes with spots. That's what a natural olive looks like.

# ORGANIC SRIRACHA SAUCE

Made with sun-ripened jalapeños, Natural Value® Organic Sriracha adds a kick and full flavor to your favorite soups, salad dressings, BBQ meats, fish, and ethnic foods. The green sriracha packs a punch with a tangy after-taste. Use it as a marinade, or add it to the line-up for football season. A wonderful addition to stir-fried noodles and veggies!

# CERTIFIED SUSTAINABLE TUNA

## Pole & Line Fishing!

Our wild caught tuna is harvested with pole and line fishing, using no nets. It's that simple. The hand cut solid chunks are high in protein and low in mercury. We guarantee that our tuna contains no fillers or additives. Our tuna gives you the purest flavor, making it a delicious choice for you and your family.

## Organic Hominy Processing Info:

Hominy is made by processing Maize, or field corn (different variety than corn-on-the-cob) with an alkaline solution. Some conventional Hominy is processed with Lye. Hominy doesn't need to be processed with such an abrasive chemical. Our Hominy is produced with a safer and organic alternative: Nature Peel. Nature Peel is a potassium carbonate solution that is used to remove the tough outer hull of the corn. It is also used to peel Organic tomatoes. It is basically an organic way to achieve the same result as lye.

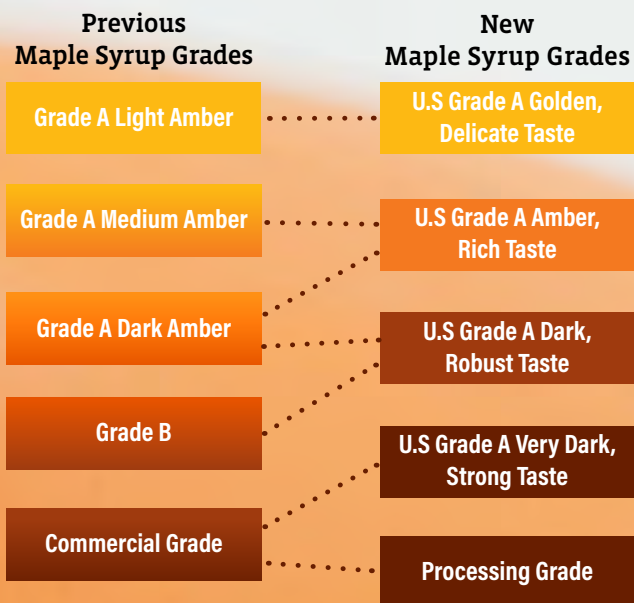

# FOOD SERVICE MAPLE SYRUP

## What Happened to Grade B?

In 2015, the USDA adopted a new grading system for maple syrup. The new guidelines were proposed by the IMSI (International Maple Syrup Institute).

This new international grading system is more uniform, and is meant to help eliminate confusion for consumers. All retail syrups are now Grade A and are distinguished by taste. Grade B is now "Grade A Dark Color, Robust Taste."

# FOOD SERVICE MAPLE SYRUP

*How Sweet it is...*

Organic Maple Syrup is made from the sap of Sugar Maple trees sustainably collected and boiled until it's a delectable, fragrant nectar. Perfect on your fluffy stack and as an ingredient in your kitchen.

# FOOD SERVICE TUNA

# FOOD SERVICE TUNA

## Pole & Line Fishing!

Our wild caught tuna is harvested with pole and line fishing, using no nets. It's that simple. The hand cut solid chunks are high in protein and low in mercury. We guarantee that our tuna contains no fillers or additives. Our tuna gives you the purest flavor, making it a delicious choice for salads, casseroles, tuna melts, cheesy tuna quesadillas, and tuna cakes.

EASIER THAN EVER

# Ordering from Natural Value takes just minutes

Natural Value products are available for distributors, retailers, restaurants & food prep services by ordering through our **Sales Department**. We are committed to offering quality products to our customers quickly and easily.

We have over 140 products across categories from healthy grocery to eco-friendly and sustainable living and pet food. We also bring the latest trend in ordering our products on Amazon. Consumers can navigate our **Amazon Store** and order everything they need in less time. It's the best way to replenish your store or pantry with Natural Value items.

Our catalog offers a variety of natural, organic, and eco-friendly products with the product nutritional information.

With years of experience in the industry, Natural Value has been developing its customer relationships across the US since 1995 as a top local supplier of Organic, Non-Organic Foods, and Eco-friendly products. We are mindful of our planet, and our long-term plan includes shrinking our footprint by expanding our product offerings. We've become known for our fair prices and amazing quality.

Live Well. Spend Less.
